Captains Log

Greetings from the bridge.

Welcome to 2020 and as this is our first newsletter since December, a belated Happy New Year.

The Summer boating season is drawing to a close with the weather being a mixed bag early on but much more pleasant latterly. The Bays have been busy with many local and visiting vessels including numerous kayakers. The boat parking areas were under pressure again for a period and it is important to remind members and visitors please not to park cars in areas designated for boat trailer parking. The Club Committee has lodged an application with the Marlborough District Council for a funding grant towards sealing a turning area at the Duncan Bay ramp.

Our Annual New Year's Boat Club Picnic Day was a resounding success with good weather and a great crowd. Once again we had feedback on what a magic family day it is. In this hi-tech era many of the simple old activities i.e. three-legged races, nail driving, egg throwing, "chocolate wheel" etc, still generate a lot of smiles. A lot of work goes into organising this event and thanks go to all my committee members and others who offered their help on the day to run the events, man the shop, the BBQs, and provide baking for the shop. See photos and results of the day in this newsletter.

The Club AGM was held at Vicki and Claire's place in Duncan Bay on Saturday 28th December. We welcome back Pete Boyd (Duncan Bay) onto the committee and also Chris Siale, our new newsletter editor, who has joined the committee. My thanks to Claire and Vicki for

their usual fine hospitality. The Committee list is published in the newsletter so if you have boat club related business you wish to raise please contact one of the committee. The committee meets four times a year plus the AGM in December.

This year in support of the NZ government recommendation for self-isolation to minimise the spread of Coronavirus and in the interest of public health, the TIBC has made the decision to not hold a fishing competition on Easter Saturday.

Due to the current Alert Level 4 situation, we would like all our members and their families to be aware of the key message being sent out by Coastguard NZ to stay off the water during this time. If you break down, you will be stuck out there if things go wrong you will be expecting others to put themselves at higher risk to help you.

The Annual Fishing Competition is cancelled for 2020 and will next be held at Easter 2021.

Take care and lets all stay in touch during this period of self-isolation.

Finally, just a reminder to people to please not throw your fish scraps away near the wharves and swimming platforms as we have had several quite large bronze whaler sharks hanging around this summer, especially around Penzance. Whilst there weren't any nasty incidents they were quite bold, cruising in very close to our facilities and bathers. Can you please either bury your scraps or take them out to sea to dispose of them.

Roger Smith,
Commodore.

News from the Helm

A summary of matters arising from the TIBC Committee meeting held on 7th March 2020.

Financial Report:

Dave Wade tabled the financial statement for the four months ended 29th February 2020.

Year to date income is \$17,050 which is up \$2,202 (15%) on last year's \$14,848. Main difference relates to interest income received on the term deposit that matured on 24/02/2019. Membership subs are also up \$730.

Year to date gross profit is \$14,799 compared with \$12,505 (+18%) last year.

Year to date expenses are \$1,435 (-74%) compared with \$5,618 last year. This relates to a reduction in ramp/jetty maintenance (\$1,056); the write-off of club merchandise last year; honorariums (\$1500) – a timing difference only to be paid in March and Accounting Services (\$666).

The cash position is strong with a total of \$117,731 in cash across the various club accounts compared to \$111,286 at the same time last year.

Surplus for the year to date is \$13,344 compared with \$6,887 at same time last year (+93%).

Total assets at end of February are \$123,541 compared with \$116,100 (+6%) at the same time last year.

Liabilities are \$1,436.94 at 29/02/2020.

Net assets of club at 29/02/2020 are \$122,104 vs \$110,850 (+10%) at the same time last year.

Picnic Day financials:

Total Income was \$3,571 vs \$3,272 (+9%) on last year.

Total Costs were \$2,271 vs \$2,343 (-3%) on last year.

Gross Profit is \$1,300 at this stage as there are still a couple of small expenses to be recompensed.

Membership:

123 General/Paid up memberships

45 Membership accounts owing (note: some members may not have received their invoice yet due to a computer glitch)

1 Commercial Membership (owing)

6 Honorary Life Memberships

1 Financial Life Membership

176 TOTAL MEMBERS

Health & Safety: Reports tabled on Duncan Bay and Penzance slipway and wharf facilities.

Duncan Bay:

A couple of bollards need repair and more decking to be replaced.

A pile at the outer end of the catwalk is also to be replaced in the next 12 months.

Some concrete required for the ramp edge and lines painted in car park.

Working bee to be organised over next few months.

Penzance Bay:

Parking area is tidy and well maintained.

Some minor repairs to the foot bollards are required in a couple of places.

The boat ramp – developing a problem with rock oysters and also requires more concrete along the sides. To be coordinated with Duncan Bay concrete delivery at a suitable low tide.

Ongoing cleaning of mussel growth on the piles and steps is to be undertaken.

Swimming platform ok.

Additional pile on the boarding steps at end of the wharf to be undertaken. This will require a barge and a pile driver which we will coordinate with the replacement of the Duncan Bay pile replacement. Johnson's Barge Service in Havelock have been approached to help with this.

Working bees in the bays to address smaller issues are postponed due to the pending Coronavirus Alert level 4.

General Business:

Newsletter: Discussion on content and format. Chris Siale, our new editor, wants all material by Friday 13th March.

Duncan Bay Carpark Funding: Richard Smedley to liaise with appropriate parties on the Community Agreement and report back on progress. Our Grant Application has been submitted to the Council for consideration.

Fishing Contest: Easter Saturday 11th April. Organisation and advertising of the event was addressed.

Swimming Sponsorship: Received an update on the progress of this year's three recipients.

Twinning Clubs: We have been approached by the Lac Deschenes Sailing Club in Ontario, Canada, about "twinning" our two clubs. The proposal was discussed and endorsed. We will respond positively to this and report back on progress. This proposal was initiated through Bill Parker (Dave Wade's brother-in-law) who has visited our Bay several times and loves Tennyson Inlet.

Next meeting will be in May. Final date and venue to be advised.

TENNYSON INLET BOAT CLUB
ANNUAL FISHING COMPETITION
CANCELLED

This year in support of the NZ government recommendation for self-isolation to minimise the spread of Coronavirus and in the interest of public health, the TIBC has made the decision to not hold a fishing competition on Easter Saturday.

Due to the current Alert Level 4 situation, we would like all our members and their families to be aware of the key message being sent out by Coastguard NZ to stay off the water during this time. If you break down, you will be stuck out there if things go wrong you will be expecting others to put themselves at higher risk to help you.

The Annual Fishing Competition is cancelled for 2020 and will next be held at Easter 2021.

Take care and lets all stay in touch during this period of self-isolation.

'Coastguard NZ is asking people not to go out on the water during the lockdown period to avoid putting themselves or Coastguard volunteers in harms way...

Should you get into difficulty, you will quickly want help from Coastguard volunteers and staff, requiring them to leave self-isolation and come together to help you.

Please don't put yourselves or others at risk, stay off the water and out of harms way as we unite against Covid19.' Coastguard NZ 24.03.20

Don't forget! Wash your hands, cough into your elbows and stay home if you are unwell.

For more information about Coronavirus and what you can do, please visit

Big & Small Jobs **All Trades** Free Quotes

Multiskill is the one stop shop for all your renovation and new-build projects. We do everything, small and big jobs. We take your stress away, one line of communication for your whole project.

We are holiday home owners in Penzance Bay, so, we can take care of all trades e.g. tiling, decking, fencing, gibstopping, painting, roofing, gardening, saunas, retaining walls, kitchens, bathrooms, waterproofing and more.

Any queries about a job, please contact us.
We offer FREE quotes for big or small jobs.

What's happening in our Marine Area

Summer Survey progress

The TOS Marine Biosecurity Partnership has been surveying vessels in the Tennyson Inlet area with Penzance completed and Duncan Bay still to be done. Two vessels from outside the region were found infested with Mediterranean fanworm in the course of the 2019/2020 summer survey by the TOS Partnership. One was checked in Chance Bay and the other off D'Urville Island.

Both vessels had originated from the Auckland/Northland area. Both had been subject to inspection before leaving and in both cases dive inspections had missed the presence of fanworm that were obvious to trained divers in the Top of the South.

By the end of January the team had completed 797 inspections of vessels and structures from Abel Tasman to Queen Charlotte Sound. By the end of February at least 900 inspections will have been done. The remaining inspections will complete coverage of Queen Charlotte and Pelorus Sounds and include further inspections of active vessels in the Abel Tasman and resident vessels in Nelson.

The general conclusions are that fanworm remains contained in Picton, Waikawa, Nelson and Tarkohe with no fanworm being found on vessels from within the region. The clubbed tunicate *Styela clava* was found on three vessels from Nelson, one resident in Marlborough, and one from Lyttleton. All of the 17 structures with clubbed tunicate were in Kenepuru Sound but this will change when the survey in Duncan Bay is done.

Fanworm recovered by NZ Underwater Services from a risk vessel identified in the course of the summer survey.

Picnic Day Volunteers

The club would like to thank the many volunteers who helped with Picnic day. This very fun day relies on volunteers and we are grateful for everyone who:

- Took winners names (amid the chaos)
- Took photos and sent them in (as above)
- Provided the amazing home baking – this is not just baking, but very creative and healthy food that always surprises and delights
- Showed up or volunteered to help in the shop, BBQ and with events
- Provided kayaks, equipment and supplies to help keep the day running smoothly
- Helped advertise, clean up and sort out all the recycling and rubbish

The club recognises this takes people away from events and families, and we could not do this without you.

Memberships Update (Briefly)

Our thanks to everyone who has paid their accounts so far this year.

It has come to our attention that some members have not received an invoice.

This may be a fault of our accounting system or, more likely, slow area internet.

If you have not received an account, those will be resent out soon, or with our next newsletter.

Please do not concern yourself if this account is the first you've heard of it. You are not overdue.

If you have any questions, concerns or contact details to update please contact:

Leanne Schmidt Membership Officer

phone (03) 576 5111 or

email nowonplanb@gmail.com

Good News

The TIBC Facebook page received a special request from the family of Derek Riggir (who some of our members may remember) - there is a memorial seat for him at the Duncan Bay boat ramp.

I'm coming to Duncan Bay for the weekend with my husband, mother-in-law, and two children (6 and 8). My son, Charlie (8yrs), is really keen to learn how to fish but my husband and I have never done it before. I'm trying to find a fishing charter out of Duncan Bay for us. Someone who could take him (us) out and show us how to tie the hook and catch a few fish - nothing spectacular. Do you know if there is anyone in the area I could contact? Thank you so much for your help. Kind regards Katie

I just thought I'd let you know that we had such a great weekend in Duncan Bay. Charlie managed to catch 5 fish off the jetty so we were all very happy. We met a lovely family at the wharf doing a spot of fishing too with a child of similar age so a little camaraderie.

Regards Katie

Well done, Charlie

Swimming Sponsorship 2020

Congratulations! Reagan May (8yrs), Ben Nichol (7yrs), and Lukas De Wit (10yrs) were the successful applicants for the Tennyson Inlet Boat Club swimming scholarship for 2020. Their names were drawn from eligible applications at the close of Picnic Day during prize-giving. Each successful applicant receives 1 term of swimming lessons paid for by the TIBC.

We hope that it is all going well and you are all developing into great swimmers – we are proud to be supporting you all 😊 Below is an update from Reagan and Lukas.

Hi my name is Reagan & I am 8yrs old.
I go to Mairehau Primary School in Christchurch.
For swimming I am in the Stingrays grade where I am learning free style and backstroke. I love being in the water so I am learning how to snorkel as well.
Thanks, Reagan

Thanks again for the scholarship. Lukas has been swimming for the Vikings swim club, he has been to a couple of competitive events already, and was very successful at the Canterbury/West Coast junior swimming champs at Jellie Park in March, he won 6 medals in total (3 gold, 3 bronze). He has qualified for the Regional Swim Champs in Timaru, where he is swimming in 6 events. All that swimming to the pontoon at Penzance Bay over the summer has helped his fitness!

Sounds History

Who remembers Shangri-La?

Shangri-La was a well-known vessel formerly of Tennyson Inlet. A 38ft cruiser, she was owned by Roy and Betty Archer who were founding members of the Tennyson Inlet Boat Club.

From Dinghy to Daimler and Beyond: A History of Tennyson Inlet and the Archer Family

CRUISE RATES 1967-68

DAY TRIPS, \$20.00	Cruising only, maximum 12 passengers. Fishing, " " " " 8 passengers.
2 DAYS, \$20.00 per day	Accom. fishing, etc. 4
3 TO 5 DAYS, \$16.00 per day	Accom. fishing, etc. 4
OVER 5 DAYS, \$15.00 per day	Accom. fishing, etc. 4
DE LUXE CRUISE, \$36 per day	Full catering supplied, also linen. Maximum 4 passengers.

Prices quoted are the TOTAL cost for the launch, which is shared among the number of passengers carried)

Shangri-La was purchased by the Archer family in 1965 and was operated as a charter boat taking many boat loads of visitors out to explore the inlet by water and experience Sounds fishing.

Over the years it was skippered by Roy and also Jimmy Wilcox, Jack Nixey, Ross Higgins and John Ward.

A brochure for cruises on the Shangri-La.

*From Dinghy to Daimler and Beyond:
A History of Tennyson Inlet and the Archer Family*

While no longer owned by the Archer Family and having been gone from Tennyson Inlet for some many years, in 2017 *Shangri-La* struck rocks on D'Urville Island and foundered.

Recently Peter Archer was presented with the salvaged propeller.

Someone who had fond memories of trips out on *Shangri-La* as a young boy with his father came across the boat on D'Urville Island and felt that the Archer family should have something to remember it by. He had it mounted onto a board and presented it to Peter recently.

The propeller now hangs in place, back in Tennyson Inlet, a reminder of the many trips it took out and the many people who enjoyed time on *Shangri-La*.

CP Construction
 Licenced Building
 Practitioner.
 021 0696 685

Building, Repairs, and Renovation.

CP Construction specializes in building homes in difficult locations that require pole foundations like you find in the Marlborough Sounds area. We can also access boat only locations where required. We build Tiny Homes for the most hard to reach places or for the small budget. We can also put a tiny home on a trailer for sites that require a nonpermanent structure.
